Profile

I am a dedicated Web Developer proficient in frontend technologies, .NET Fullstack Development, and React.js. With a focus on creating exceptional user experiences and robust applications, I bring expertise in building responsive interfaces, scalable backend systems, and dynamic web applications. I thrive in collaborative environments and am committed to continuous learning to stay ahead in the ever-evolving tech landscape. Let's connect and explore how I can contribute to your projects and team's success.

Professional Experience

Full-Stack Developer

2024 Jan – present
India

- Developed and maintained responsive web applications using React.js for frontend and Asp.NET for backend
- Implemented RESTful APIs for seamless communication between frontend and backend systems.
- Collaborated with cross-functional teams to gather requirements, design solutions, and deliver projects on time.
